

We get a lot of questions on where are hardwoods are sources. There is no one answer, we source product from all over the globe. Paramount Flooring confirms with each manufacturing partner both quality and environmental compliance of all porcelain tile, solid hardwood, engineered hardwood and laminate flooring. We have assurances from each and every partner that supplies material for Paramount Flooring that we are 100% CARB, CARB II and Lacey Act compliant on all products.

## SOLID HARDWOOD

|                                   |  |
